Microsemi.

Microsemi Scales New Heights with 1200V IGBTs

- Product family includes 25A to 600A IGBT
- Up to 100 KHz
- Discretes and Modules
- UIS and SCOA rated
- With or without anti-Parallel diode
- E_{on2} losses reduced 45% with SiC diode @ 125°C
- Improved System Efficiency
- Lower Temperature/ Cooler Operation
- Higher Reliability
- Easy to Parallel
